Disability Connect news

Collaboration amongst Disability Providers and Families

Our vision is to create connections, awareness and understanding amongst the disability community of South Auckland. This particular meeting is for South Auckland families and will be delivered in other areas of Auckland in 2018. The disability sector includes organisations and professionals with experience and expertise that can help families. The point of this meeting is to inform you about the sector and various supports available. Families are central to the community - good relationships with professionals and opportunity to connect with each other are key to knowing where, what and how we can gain support for our loved one with a disability, and all work better together. You are invited to attend a collaborative workshop on Thursday 16th November 2017 (10.30am-2.30pm) at MIT Otara. To view the flier click [here](#).

The Present and Future Disability Sector (and some of the Past too)

This was a forum for parents of an individual with a disability held on evening of Monday 28th August at Onehunga Community House. This is a follow up

forum to the June 'What happens when we're no longer here to care for our loved one with a disability' forum. At this August forum we heard presentations by Ministry of Health representatives on the current disability services which families may be eligible for, how to access them, Individualised Funding, and information on the development of the New Model for supporting people with a disability (ie: Enabling Good Lives). Representatives from Taikura Trust, Ministry of Social Development (including Work and Income) and Housing NZ were present to address questions. This forum was filmed and is now available on the homepage of our website www.disabilityconnect.org.nz. If you have any questions arising from this forum and the topics discussed please forward them directly to Lisa Martin, CEO Disability Connect at lisa@disabilityconnect.org.nz

'What happens when we're no longer here to care for our loved one with a disability'

Click [here](#) to view the video footage of the entire forum or click on the blue title above to access the video. On Wednesday 28th June Disability Connect delivered a parents forum focussing on the issue

'What happens when we're no longer here'. This was the first such parents forum and was the pre-cursor to the above mentioned Present and Future Disability Sector forum mentioned above. This original June forum was very well attended with 97 parents and 10 staff from Disability Connect, Ministry of Health and Taikura Trust. We gathered a lot of feedback about the issues that concern parents as well as useful information from Ministry of Health about the Disability System Transformation currently underway. We welcome any further feedback or questions to admin@disabilityconnect.org.nz

Support groups – Disability Connect

Disability Connect offers culturally appropriate support (including three support groups) to families with children of special needs as part of the CALD service (Culturally and Linguistically Diverse Disability Information and Advisory Service):

Chinese Families Autism Support Group

Runs every third Tuesday of the month. Dates for rest of year: 21st November, 5th December. 9.30am-1pm. Please contact Sanny Chan at Disability Connect for more information on our meetings. To see flier in [English](#) or [Chinese](#) click here Contact Sanny 09 526 1298 (DDI) or 09 636 0351 or sanny@disabilityconnect.org.nz

Culturally Diverse Support Group (Otahuhu)

This support group runs monthly at Mt Richmond School, 30 Albion Road, Otahuhu, 5.30-8pm. Dates for rest of year - 23rd November, 14th December. All families with special needs are welcome to join this group – we welcome everyone from any culture and any disability. Securing the Future Workshop

If whanau and families decide they don't want to, or
believe they will not be able to rely on funded
disability services to provide the kind of life their
disabled family member choose; or if they choose to
be self directing, then family governed models will be
one mechanism for managing limited disability funded
resources effectively. Attending this workshop will
contribute to an informed decision making process.

Access4all

ACCESS4ALL is a New Zealand-wide Accommodation
and Activity Guide specifically designed for anyone,
young or old, who has mild to major mobility
difficulties. It is mainly visual so travellers and their
support team can see and decide for themselves
whether accommodation and/or activities in a
particular destination might suit – because they are
the experts. We do have some knowledge of this field
as we have a few mobility impairments ourselves.

Access Matters

You can sign this open letter as a supporter of
Auckland Disability Law (ADL) if you have experienced
or know about the barriers Disabled People and Deaf
People encounter doing every day activities just like
everyone else. If we all have the right tools, then
everyone can participate. You already know that
access matters to all of us! The Access Matters
Campaign aims to build the support of people like you
to create the political will to introduce accessibility
legislation in the next parliamentary term. We need
more voices telling our leaders that Access
Matters. Please sign this open letter to the leaders of
the New Zealand Political Parties urging them to show
leadership this election by committing to Access for
All. Sign the open letter [here](#). For the easy read

Auckland Emergency Management

Auckland Emergency Management coordinates a
group of different agencies, who all work together
before, during, and after an emergency to help our
communities. These include emergency services like –
fire, police, ambulance, non-government
organisations like (Salvation Army and Red Cross)
and providers of essential services including water,
power, and telecommunications. In order to protect
people, property, and essential services all of these
agencies need to work together, in a well-co-
ordinated way. We also work with communities to
help them to develop their ability to help each other
to get through emergencies with their own support
networks and resources. Information to share with your

[Chair Lifts Available](#)

My elderly sister has recently transitioned to a Retirement village and I have a set of chair lifts that have been removed from her previous home. We purchased these new at the end of 2013 and have had them serviced regularly by Cremer Lifts so they are in perfect working order. My sister no longer needs the chair lifts but there may be people you work with who could benefit from them. There are two sets of chairs; one from ground level to a landing and then a second set to lift floor. Please feel free to contact me if you feel there would be any interest. [The Disability, Spirituality and Faith Network Aotearoa New Zealand has initiated planning a Disability Spirituality Conference in 2020](#)

At this stage a conference planning group is forming with people from a range of backgrounds and organisations we are keen to engage with other interested stakeholders. This conference welcomes all faiths and those with no particular faith to explore the landscape of spirituality and disability. The conference landscape of spirituality and disability. The conference will focus on such themes as: Spirituality of people with disabilities, opportunities for the disability community to explore their own spirituality. This is critical as there is little opportunity in the disability community where spirituality can be freely explored. How can religious institutions hear and receive the experience and insights of people with disabilities? Ensuring faith communities are made accessible, so that people with disabilities can access and be nurtured in a community of their choice. The

conference is inclusive of ALL faiths and the planning group welcomes contact from interested stakeholders. Please contact Reverend Vicki Terrell at vterrell@actrix.co.nz for further information.

Emergency Mobile Alert

The Ministry of Civil Defence and Emergency Management (MCDEM) is leading the implementation of a new nationwide emergency alert channel. Emergency Mobile Alerts are due to be available by the end of 2017. What are Emergency Mobile Alerts? Emergency Mobile Alerts are messages about emergencies sent by authorised emergency agencies to [mobile phones enabled to receive Emergency Mobile Alerts](#). They can be targeted to areas affected by serious hazards. If your phone is on, capable and inside the targeted area, you should get the alerts. You don't have to download an app or subscribe to a service, just [ensure your phone is capable](#) and updated. Emergency Mobile Alert does not replace other emergency alerts. If you feel your life is in danger, don't wait for an official warning. Take immediate action.

Engaging Priority Families

The Engaging Priority Families programme is funded by MOE with the better public service goal to support all 3-5 year olds to access a quality ECE and start Primary School with a solid foundation. Our EPF team promote the value of education by walking alongside parents/caregivers in preparing their child for the 'big school'. We believe that we can achieve this through working in collaboration with community services and Primary Schools while keeping each child at the centre of our educational vision in the hope to minimise future school absent issues. We work alongside families to identify the barriers to accessing education, how to address them and move forward. In order to reach more children and their families we need the support of the community to identify children who might benefit from registering with the EPF programme. Our team covers the following areas in Auckland: Puketapapa, Manurewa-Papakura, Otara-Papatoetoe, Manukau. There are other EPF providers covering Maungakiekie, Whau and Henderson-Massey and I will gladly share their contact details if there are families living in those areas who might benefit from the EPF programme. Please feel free to contact me if you require further information. Petro Schoombee, PetroS@atwc.org.nz 09 276 3729 x 9403

Mind and Body Free Youth Resources Launched

Mind and Body and www.rethink.org.nz are delighted to announce the release of the new Like Minds, Like Mine youth resource Conversations for Change, which is available online now for free download! It aims to

encourage young people to reach out for support and to include and support each other. The resource contains comprehensive facilitator's guides to five group activities which challenge stigma and discrimination and generate safe conversations about mental distress. Discussions encourage critical thinking about the impact and origin of different attitudes toward mental distress and encouraging empathy. Conversations for Change is part of the Like Minds, Like Mine Community Partnership Fund. The first two activities are compulsory and involve young people considering what mental illness "is" and then confronting the impact of some common negative attitudes toward mental health conditions. Each activity is about an hour in length and ideal to be used in classrooms, youth groups or other community settings. The three additional pick-n-mix activities encourage empathy and critical thinking in the areas of hearing voices, eating issues and holistic wellbeing.
