### **["Building a Richer Life though Family Governance"](#)**

The two day workshop enables families to envision a richer future for sons and daughters who have a disability. Facilitator, Lawrence Chok shares his own journey as a parent and those of others who have journeyed with him. Over the past nine years, they have guided their sons and daughters with disabilities, to lead more meaningful, independent and sustainable lives in their communities. Supporting one another they have worked together to build on their gifts, passions, interests and dreams. To overcome the disadvantages they faced they used intentional planning to grow lives full of purpose, with a sense of belonging to their communities. Then, afraid that these could not be sustained "when we are no longer around", they explored succession planning and ways to build long term sustainability into their work. The results astounded them, in many ways exceeding their dreams. Yet all journeys have their hard times and they found that the support of other like-minded families in their collective was vital. This is the power of working in a collective based on shared goals and values. Lawrence having emulated and based on the Queensland family governance model, the following video link shows a brief of the 3 Australian family groups who have been operating together over the past 28 years:- <https://vimeo.com/112461517>. For those interested to attend the 2 Day workshop, email to [lawrencechokia@gmail.com](mailto:lawrencechokia@gmail.com) or text 027 872 3968 for further information.

### **[One small step for your child, one giant leap for their education](#)**

Hi, my name is Julie and I am your local Footsteps Teacher working in the heart of the North Shore. I work with many local families in the area to provide the Footsteps 'Learn' Programme. Funded by the Ministry of Education our free home-based programme entitles your child/ren to receive regular visits from a qualified early childhood teacher like me when there is a caregiver (other than you, the parent) in place. The caregiver can be anyone who provides regular care to your child such as a nanny, grandparent, relative or friend. I am trained to provide fun, one to one learning support, advice and ideas to ensure your child gets the best start. At Footsteps, we are committed to the highest quality which is why I receive an industry-leading 20 days training a year and have up to 75% smaller caseloads than other providers. When you enrol with Footsteps you will receive: 1:1 support to ensure tamariki are getting a personalised learning experience, regular visits from one of 55 qualified early childhood teachers working nationwide. Free learning resources tailored to your child's needs and interests. Learning folder - a folder celebrating your child's life story and achievements. Access to subsidies - to ensure you are getting the support your family is entitled to. Keen to find out more about how Footsteps can support you and your child? Call Marion on 0800 366 878
