

# **Collaborate early for a smooth transition from year 10**

## **You are invited to attend—How to create a personalised transition plan**

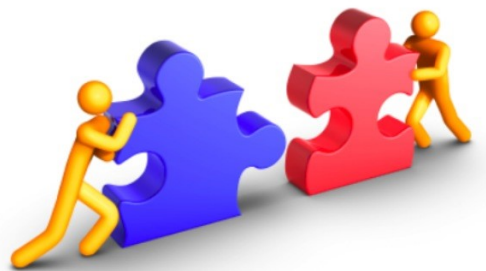

**Our vision is to create connections, awareness and understanding amongst the community of the disability sector in Auckland.**

There is a whole disability sector out there with experience and expertise that can help your school.

In recent meetings in Auckland of families, it was identified that relationships and opportunities to connect with each other are key to knowing who, what and how we can all work better together. It is important to recognise that schools are an integral part of any community.

**Thursday 24th June (1.30-3pm)**
