About Us

We provide safe, friendly and reliable companion driving service to help you live independently and offering you peace of mind. We will collect you from your door, provide assistance getting in and out of the car, even accompany you to your appointment & providing support if needed.

We are police vetted, first aid & total mobility trained as we value the safety of our clients and also giving you and your family peace of mind.

We are also bilingual service provider, our driver can speak both Mandarin & English. So we can help clients from different cultural backgrounds to better understand their needs if they have language barriers.

Please call us to book in advance. Our price is affordable and is based on distance and time. Call us for a free, no obligation quote.
