

Dear Julia,

Together, we have achieved incredible results by placing nine Mobility Dogs in the last year. **Through your wonderful and generous support,** you have positively shaped outcomes for many disabled people in our wider community – **my heartfelt thanks for your commitment.**

The need for Mobility Dogs is ever-increasing, and our costs have quickly risen over the last several years as a result of the turbulent economic climate, all the more reason for needing your valuable support.

A gift to Mobility Dogs is more than just a donation – it's an investment in people's lives. [Please help by donating to Mobility Dogs today!](#)

A special bond

Growing up with a future Mobility Dog is a truly special experience. The photo above, also featured in our newsletter header, captures the daughter of one of our dedicated puppy raisers sharing a quiet moment at their local library, reading to her furry friend—a Mobility Dog in training. Their family often brings their Mobility Dogs-in-training to the library, where the girls love reading to them. It's a relaxed and unjudgmental way to build confidence reading out loud while also strengthening their bond with these special dogs.

Not only do these dogs become part of the family during their early training, but they also teach patience, responsibility, and the joy of giving back.

For this young reader, it's a chance to form a lifelong bond—one that will help shape a dog destined to change someone's life. ❤️

Leave a legacy of independence.
