

We welcome all families, organisations (who are involved in the disability sector) and schools to attend our annual North Auckland discussion meeting - We want to hear, share, learn how to work better together

This collaboration meeting originally evolved from meetings held in 2017-2021 for families, schools and providers. This collaborative project began with a repeated question from many parents— ‘why aren't organisations working better with us?’ This collaboration opportunity was created so everyone can connect, understand and become aware of what is available for all. The meeting will provide the opportunity for parents, schools and providers so they can all be in the “same room” together to network and inform each other. Even if you didn't attend any of the previous please come along – you are very welcome - as we want to capture the voice of as many people as possible. If you cannot attend please send someone who can share your message and story.

Zoom: 865 4324 3478 Passcode: 925302

Tuesday 30th August 2022 (10am-12pm)
