

Kia ora Denise,

I have some exciting news to share!

We've successfully brought together MPs from across political parties to form a cross-party group focused on rare and undiagnosed disorders. 🌈

**[This is a huge step forward! This group will help raise awareness of rare and undiagnosed disorders within the New Zealand Parliament.](#)**

The MPs are eager to make a difference, and we need your support to keep this momentum going.

[Support Our Cause](#)

This is one of the many ways Rare Disorders NZ is working to get traction on issues affecting the rare disorder community.

We depend on donations to keep our vital work going. Please consider donating today to help us make a real difference.

**Your contribution will help us support families and fight for better healthcare policies.**

Every dollar counts and brings us closer to a brighter future for those living with rare disorders.

**Make a Difference Today**

Thank you for your continued support. Together, we can make New Zealand a better place for everyone living with rare disorders.

Let's keep pushing forward!

Ngā mihi,

Chris and the team at Rare Disorders New Zealand

**P.S. Don't forget to share this news with your friends and family. The more people who know, the stronger our community becomes.**

Thank you for being a part of this journey! ❤️
