

SpecialGifts is a not-for-profit organisation that has been created as a platform to celebrate and support disabled entrepreneurs and companies that employ people with disabilities.

SpecialGifts creates exclusive gift boxes, currently aimed at for corporate gifting, in which all the high-quality products are created by people with disabilities.

SpecialGifts aims to show case the business and entrepreneurs they have as partners and use the profits to support disabled people to continue to start and grow their businesses.

Currently we are excited to be partnered with Hungry Hamish, Laura's Soaps, The Lucy Foundation, Bentley and Hart, The Mutes (from mars), Our Harvest, Change Maker, and Deanna Morgan from the IHC art awards.

If you are interested in purchasing SpecialGift Boxes for your company, or are a disabled entrepreneur or business employing people, we would love to hear from you.
